New Beginnings Schools Foundation
“An Unwavering Commitment to Student Achievement”
June 28, 2017

Greetings, Lake Area Families:

My name is Dr. Bethel Cager, and I am so excited to be the new principal of Lake Area New Tech Early College High School and to embark upon this new academic journey with each and every one of you! I am already in the midst of working with our team of faculty and staff, as well as with students and community partners to build on the strengths of Lake Area. My goal is to also work with families to provide the most exciting and enriching instructional environment. Together, we will prepare all students for college and career and build a culture within Lake Area where they cannot wait to get to school each morning.

We will introduce many instructional changes during this school year with one of our main initiatives being the implementation of one-to-one technology. Every student of Lake Area will have his/her own Chromebook computer. This will be sure to enhance the level of rigor that our students receive in classrooms on a daily basis. More information will be forthcoming regarding the assignment of your child’s Chromebook computer.

I truly hope that you are as excited as I am about this upcoming year. As the new principal of Lake Area, I am looking forward to building a strong partnership with you. The upcoming school year is guaranteed to be the best year yet!!!! If you have any questions, please do not hesitate to contact me at (504) 267-8811 or bethel.cager@nbsfnola.com.

I am looking forward to seeing you at each of our events throughout the year!!!

Sincerely,

Bethel E. Cager, Ph.D.
Principal/Chief Leopard

BACKGROUND OF CHARTER SCHOOLS

Louisiana’s Charter School Law was originally enacted in 1995 (Act 192) as a pilot program to allow up to eight school districts to volunteer to participate. The Law was expanded in 1997 (Act 477) to establish the Board of Elementary and Secondary Education (BESE) and local school boards as charter authorizers. The Law defined four types of charter schools, based on: whether the school is a start-up or conversion of an existing school; the legal status of the entity operating the school; the source and method of funding the school; and certain other provisions. In 2003, through the adoption of Act 9, a new type of charter school was established for the operation of schools transferred to the Recovery School District.

CHARTER SCHOOL TYPES

· Type 1: New start-up school authorized by local school board
· Type 2: New start-up or conversion authorized by BESE
· Type 3: Conversion of existing school authorized by local school board
· Type 4: New start-up or conversion operated as a result of charter between a local school board and BESE
· Type 5: School transferred to the jurisdiction of the Recovery School District and authorized by BESE

GOVERNANCE

Charter schools are authorized by the Board of Elementary of Secondary Education (BESE), or a local school board for a five-year period, subject to a three-year review.

In Louisiana, charters are established by a variety of groups, including businesses, non-profits, parent groups, education groups and others. However, sponsoring groups must include no fewer than three certified teachers.

Charter schools are governed independently by a board of directors and are free from many laws and regulations governing traditional schools. This allows charter schools significant flexibility and autonomy to allocate resources. However, in exchange for this flexibility, charter schools are regularly monitored and must demonstrate defined academic achievement goals and maintain satisfactory financial and contractual performance indicators in order to have their charters renewed. Thus, charter schools in Louisiana are subject to stringent standards as well as specific objectives outlined in their charter contracts with local school boards or BESE.
REQUIREMENTS

Charter schools are required to participate in the state’s accountability program, including high stakes testing. Likewise, while charter schools are free to use a wide variety of educational resources and are not required to use state-approved textbooks, charters are required to meet minimum standards of instructional time, as mandated by state law. However, the length of the day and year may vary from one school to another school.

In addition to meeting the qualification requirements of instructional faculty set forth by No Child Left Behind, Louisiana’s Charter School Law mandates at least 75 percent of the instructional faculty of Type 1, 2, 3 and 4 charter schools to be composed of teachers certified by BESE. The makeup of certified teachers in Type 5 charter schools must reflect the school district from which the school was transferred.

ADMISSIONS CRITERIA

Lake Area New Tech Early College High School is a non-selective entry open enrollment school. Interested students and their parents should apply using the OneApp through Enroll NOLA. Upon registration, parents are required to submit copies of documents needed to begin the student’s file, including report cards and other identifying documentation.

ACADEMIC CURRICULUM AND HOMEWORK

Graduation Requirements

To provide high school students with the knowledge and skills to succeed in their post-secondary and career pursuits, Louisiana has adopted graduation requirements and options to meet today's college and workplace demands. The menu and charts below outline the state's two diploma pathways, as well as options for earning specific endorsements.

The chart below represents a brief summary of the graduation requirements. The complete policy can be found in §2318 and §2319 of Bulletin 741.

By the end of the eighth grade, students should start developing their Individual Graduation Plan (IGP). This plan is aimed at helping students explore the educational and career possibilities that are available to them. IGPs are required for all students as a result of legislation passed during the 2009 Legislative session.

Also in 2009, state policymakers passed legislation to create an alternative Career Diploma, with the goal of improving Louisiana's graduation rate and providing students with career and technical training to enter the workplace after high school. The Career Diploma was implemented in the 2009-2010 school year.
The following will govern the academic conduct of students, teachers and administrators.

Homework: Homework is an integral part of your education at LANTECHS. Teachers may use homework as a tool to enrich group communication skills and foster cooperative learning practices. However, **sharing or copying of homework is plagiarism.** Because flexibility is needed to fairly govern homework, and because teachers set different criteria for the assessment of homework assignments, the teacher has the authority to set standards with regard to the enforcement of the rules dealing with homework as an issue of academic dishonesty. This includes, but is not limited to, a range of reasonable and acceptable actions in communication with the student, parent and guidance counselor. If the teacher feels additional disciplinary actions are warranted they will refer the student to the assistant principal for disciplinary actions under the consequences for major offenses (see section below).

ACADEMIC INTEGRITY

To create and maintain a culture of academic integrity at Lake Area New Tech Early College High School, all members of the community must take an active role. A climate of positive scholarship with integrity can be fostered through open dialogue and learning. The following practical suggestions promote a positive academic environment founded on scholarship, inquiry, the pursuit of excellence and mutual trust. A student should ask the teacher whenever unsure of what may constitute plagiarism or cheating, or if uncertain of what resources of tools may be used in completing an assignment or exam.

HONOR CODE

All forms of academic dishonesty as defined below are strictly forbidden, constitute a major offense, and will result in disciplinary action.

A. Cheating on exams, tests, quizzes, and other assessments (e.g. mile run in PE, art projects, oral presentations, etc.) - using or attempting to use unauthorized assistance, material or study aids during an examination, including but not limited to:

1. Copying from others.

2. Having or using notes, formulas or other information in a programmable calculator or other electronic device without explicit teacher review and permission.

3. Having or using a communication device such as a cell phone or electronic translator to send or obtain unauthorized information.

4. Taking an exam for another student, or permitting someone else to take a test for you.

5. Asking another to give you improper assistance, including offering money or other benefits.
6. Asking for or accepting money or any other benefit in return for giving another improper assistance.

7. Providing or receiving information about all or part of an exam, including answers (e.g., telling someone in a subsequent period what was on your exam, or being told this information).

8. Having or using a "cheat sheet" (i.e., a piece of paper or electronic device with answers, formulas, information or notes) that is not specifically authorized by the teacher.

9. Altering a graded exam and resubmitting it for a better grade.

10. Gaining or providing unauthorized access to examination materials.

Note: Simply having possession during an exam of any prohibited or unauthorized information or device, whether or not it is actually used, is an act of academic dishonesty and will be dealt with as such.

B. Plagiarism in Papers and Assignments - —The act of using another person’s ideas or expression in your writing or in your oral presentations without acknowledging the source. Plagiarism includes —copying another’s sentences verbatim, repeating someone else’s particularly apt phrase without appropriate acknowledgement, paraphrasing another person’s argument as your own, and presenting another’s line of thinking as though it were your own, — again without acknowledging the source.

Transgressions involving plagiarism include, but are not limited to:

1. Including in any assignment turned in for credit, any materials not based on your own research and writing. This includes, but is not limited to:

   a. Using the services of a commercial term paper company.

   b. Using the services of another student.

   c. Copying part or all of another person’s paper and submitting it as your own for an assignment.

2. Acting as a provider of paper(s) for a student or students.

3. Submitting substantial portions of the same academic work for credit in more than one course without consulting both teachers (self-plagiarism).

4. Failing to use quotation marks where appropriate.

5. Failing to properly acknowledge paraphrased materials via textual attribution, footnotes, endnotes and/or a bibliography.
6. Forging a signature.

7. Hoarding or damaging library materials.

8. Facilitating academic dishonesty (i.e., knowingly helping another violate any provision of the honor code).

9. Gaining unfair advantage (i.e., attempting to gain unauthorized advantage over fellow students in an academic exercise).

10. Falsifying documents and submitting in an attempt to apply for any opportunity offered to the advantage of students, or to be considered as part of the student’s record (ex. transcripts, standardized test scores, report cards, etc.).

*Note:* Attempted academic dishonesty, even if unsuccessful, will be treated as academic dishonesty.

**CONSEQUENCES**

Disciplinary action will be taken and will be commensurate with the offense. All teachers and administrators are expected to enforce the rules and consequences of the Code uniformly.

**GRADES**

All Louisiana school districts and public charter schools will follow a uniform grading scale for all students in grades Kindergarten through twelfth grade.

The uniform grading scale will be used in all regular education classes in which a letter grade, such as an A or B, is issued. Districts may use an alternative grading scale for special classes, such as honors or Advanced Placement courses.

**Regular Academic Courses**

REMEDIAL PROGRAMS

- Lake Area New Tech Early College High School offers tutoring once a week at the school site.
- Any teacher may request that a student stay after school if they think that it will benefit the student. The teacher is responsible for courteously informing the parent—so that transportation home can be arranged.
- If necessary, the school will provide transportation in the form of buses or bus tokens for the student.
- The Lake Area administration refrains from having students ride home with teachers due to the possible liabilities.
- Lake Area New Tech Early College High School offers summer programs at the school site. They consist of: summer remediation, band camp and sports practices.
- Tutoring that is offered at Lake Area is mandated once weekly. Those days are at the discretion of the teacher. While we offer tutorial services, it is not automatically assumed that students will pass from one grade to the next. The students are allotted ten (10) days of absenteeism (unexcused) during the course of the school year. If that number is exceeded, students may fail due to attendance.
- After school transportation is not provided in all instances for programs. The administration does not suggest that any teacher accept the liability and responsibility of transporting a student home in their personal vehicles.

ORGANIZATIONS

Clubs and organizations covering many topics of interest may be offered to allow students the opportunity to grow and develop. Students should find or work with campus administrators to create clubs in which to share their particular interest with others.
Membership in these clubs, subject to scholastic qualifications, is open to all students. Schools may not create secret societies or clubs. The New Beginnings Schools Foundation may adopt a policy establishing the number of times a student who is otherwise eligible to participate in extracurricular activity may be absent from class to participate in an extracurricular activity sponsored or sanctioned by the association.

Students in leadership positions and students who participate in extracurricular activities, on or off campus, are subject at all times to school and association policy regarding participation. The student’s privilege of participation in these activities may be revoked, suspended, or otherwise adversely affected at any time when:

1. The instructor/sponsor of an extracurricular activity or a campus administrator determines that the student’s conduct has a negative effect on the morale or discipline of the other participants in the extracurricular activity; and/or
2. The instructor/sponsor of an extracurricular activity or a campus administrator determines that the student’s conduct has a negative effect on the reputation of the student’s team and/or school.
3. The instructor/sponsor of the extracurricular activity or a campus administrator determines that the student’s conduct warrants the revocation or suspension of the student’s extracurricular activities as a disciplinary measure.

**AFTER SCHOOL ENRICHMENT PROGRAM**

The New Beginnings Schools Foundation believes that all children can succeed when provided a learning environment that:

1. emphasizes respect for individual rights and responsibilities, instills a desire for life-long learning, and develops involved citizens for today’s changing world.
2. challenges all children to perform to the best of their ability and receive instruction in core knowledge and basic skills and have opportunities to learn the critical thinking and problem-solving strategies essential for living in a global society.
3. promotes mutually respectful relationships and values individuality and diversity.
4. ensures children are taught by talented and well-educated staff members committed to continuous improvement that have access to the resources necessary to deliver high quality programs.
5. is safe and supportive and promotes excellence and equity.
6. recognizes the critical role of parents and teachers as role models and promotes collaboration and partnership among students, staff, parents, and community members.

**Eligible Participants**

Eligible participants for the After School Enrichment Program must be enrolled in a New Beginnings Schools Foundation school or be able to verify enrollment for the upcoming school year. Enrollment is done via the Recovery School District’s One App application process.
EXTRACURRICULAR ACTIVITIES

- Include Volleyball, Girls and Boys Basketball, Girls and Boys Track, Baseball, Softball, Football, Cheerleading, Dance, Student Council, Art Club, Marching Band, Majorettes, Drill Team, Flag Twirlers, Yearbook, Drama Club

Attendance Policy
In order for an absence to be excused for the purpose of complying with the state law mandating that high school students are in attendance a minimum of 167 days for a full year course, a student must bring a verification of illness from a medical doctor licensed to practice in Louisiana and/or verification the parent/legal guardian explaining the extenuating circumstances within (5) school days of the absence.

The first notification to be issued to a parent/legal guardian concerning a student’s excused absences shall be issued when the student approaches one-half (1/2) the maximum days allowed. Additional attendance notifications will be mailed to the parent/legal guardian when a student’s unexcused absences is near or reaches the total number of days allowed by law.

Documentation for Absences
Upon a student’s return to school after an absence, a note signed by the parent/guardian stating the date(s) and reason(s) of the absence must accompany the student and be presented to the student’s homeroom teacher or data manager in the main office.

Procedures for Excused Absences
Students must submit to their homeroom teacher their medical, court, or any other valid and approved document in order to receive a school approved re-admittance slip for all missed classes. If extenuating circumstances exist, whereby a parent cannot obtain the proper documentation, the parent should arrange a conference with the administrator in charge of attendance.

Attendance Requirements to Receive Grades
Students must be present a minimum of seventy-seven (77) days per semester to be eligible to receive credit for the course taken. Exceptions can be made only in the event or extended personal illness verified by a physician and/or extenuating circumstances recommended by the Academic Assistance Team with approval from principal/designee. Students are only allowed five absences per semester.

Absences and Activities
Students who are absent or suspended from school may not attend any school activity on the days they are absent or suspended.
Make-Up Policy
For excused absences of five (5) or more consecutive days, the student must be given the opportunity to initiate and complete make up work within ten (10) school days after returning to school. Extension of time may be granted at the discretion of a school administrator and the teacher in cases of extended illnesses.
For excused absences of fewer than five (5) consecutive days, the allotted time to make up the work is left to the discretion of the teacher; however, it should not exceed ten (10) school days. It is the responsibility of the student to initiate and complete make up work. If the work is not made up by the time specified, the incomplete grade will be an “F.”

Tardiness to School/Class
Students arriving after the tardy bell will be subject to disciplinary action. Students are allowed three minutes for the exchange of classes. If a student arrives to class late, the teacher will ask for a slip or note from the person who detained the student. Only an administrator may legitimately detain a student. **DO NOT REPORT TO THE OFFICE TO GET AN ADMIT SLIP.** The attendance office will issue an admit slip only to those students who have been detained by an administrator, arrived late, or have returned from suspension. Tardy students must be allowed in class and must sign the teacher’s tardy log. Students will sign the tardy book when arriving late to school.

CHECK OUT POLICY
Any student who checks out of school for any reason must be signed out by a **legal parent** or guardian.

BEHAVIORAL EXPECTATIONS
The New Beginnings Schools Foundation works to maintain an environment where students are free to achieve academically and develop and mature socially. The schools will promote the 5 student expectations, which are Respect, Responsibility, Safety, Problem Solving, and Ability to follow directions.

The New Beginnings Schools Foundation has organized school-wide systems of support that include proactive strategies for defining, teaching, and supporting appropriate student behaviors to create positive school environments. This system makes use of a range of positive behavior support for all students within the school and is implemented in all areas including the classroom and all ancillary settings (such as hallways, restrooms, and cafeteria). Attention is focused on
creating and sustaining primary (school-wide), secondary (classroom), and tertiary (individual) systems of support that improve lifestyle results (personal, health, social, family, work, recreation) for all children by making desired behavior the norm, while problem behavior decreases significantly.

1. All children can behave appropriately.
2. Misbehavior is a matter of choice.
3. A student will accept responsibility for his/her actions.
4. Teachers have a right to teach.
5. Students have a right to learn.
6. No student will prevent a teacher from teaching or a student from learning.

These policies and regulations apply to any student (1) who is on school property, (2) is in attendance at school or any school-sponsored activity, (3) whose conduct contains the elements of a felony offense regardless of time and place, (4) whose conduct interferes with the mission or operations of any school, or (5) whose conduct jeopardizes the safety and/or well-being of students or employees.

**IN-SCHOOL DISCIPLINE**

The discipline within the school shall be under the supervision of the Principal. The Principal, along with the Dean will determine appropriate actions or consequences along with incentive programs for encouraging and recognizing appropriate classroom behavior. Every teacher shall hold every student accountable for any disorderly conduct in school, on the grounds of the school, on the street or roads while going to or returning from school, and during dismissal. Discipline should be directed towards developing the skills necessary for young people to:

- Cope with real situations
- Develop good relationships with others
- Become productive individuals
- Recognize when their actions are interfering with the rights of others
- Recognize their rights within the limits of society
- Internalize and choose appropriate behavioral responses
Students who have been subject to classroom level sanctions and are still uncooperative will be referred to the Dean. The referral should include a short specific description of the undesirable behavior or behaviors, the frequency of the behaviors, and the interventions attempted. The Dean will meet with the child to decipher the situation and determine the correct course of action. If deemed necessary, the Dean will then contact the parent and set up a conference in an effort to ascertain whether or not the issues are emotional/behavioral or academic. Upon the outcome of the conference, the Dean’s options are as follows:

1. Determine appropriate consequences
2. Refer to the Counselor
3. Collaborate to develop a Behavioral Intervention Plan (BIP)

SUSPENSION AND EXPULSION POLICIES

The Supreme Court has defined “short-term suspension” as removal of a student from school for ten or fewer days and “long-term suspension” as removal for more than ten days. A charter school cannot change these definitions.

Louisiana law defines “expulsion” as permanent removal from school for the remainder of one semester. A charter school can change this definition to extend or shorten this length of time, as long as it informs parents and students of the new definition in the student handbook.

SHORT TERM SUSPENSIONS

1. Vandalism that causes damage
2. Leaving or skipping school without permission
3. Using or threatening force that puts others in a reasonable fear of harm
4. Using school computers to access or view inappropriate websites
5. Engaging in conduct that disrupts school or classroom activity
6. Displaying insubordination or disrespectful behavior
7. Using or displaying obscene or abusive language, images or gestures
8. Repeatedly committing minor behavioral infractions that, in aggregate, may reasonably be considered serious enough to justify suspension
9. Forging notes or excuses
10. Stealing or attempting to steal
11. Engaging in acts of verbal or physical sexual harassment
12. Pulling the fire alarm when there is not an emergency

Please note:

- The list is illustrative only and that a school may give a short term suspension for any other behavior that disrupts the learning environment
- Punishment for a particular infraction is at the discretion of the school leader.

Procedures for Short Term Suspensions:

A. School must inform student, verbally or in writing, that he/she is suspended and the reasons for his/her suspension
B. Provide student with an informal opportunity to deny the charges and to explain his/her side of the story

C. Notify a student’s parent(s) or guardian(s) immediately, verbally or in writing, with the following information:
   - A description of the incident
   - Specific details (e.g. dates and times) of the punishment
   - The parent has the right to a prompt conference with the administrator, either before or within the first three days of the suspension.

LONG TERM SUSPENSION

1. Possessing or using a firearm, knife, explosive, razor blade, or other dangerous weapon of no reasonable use to the student in school
2. Possessing, selling, using, or distributing any alcohol, illegal drugs, tobacco, or marijuana on school property or at other school events
3. Making a false bomb threat or pulling a false emergency alarm
4. Repeatedly engaging in conduct which seriously disrupts school or classroom activities or endangers the health, safety, or welfare of others
5. Committing, or attempting to commit arson on school property
6. Fighting another student or assaulting a staff member
7. Engaging in any sexual acts on campus
8. Vandalizing school property in a way that causes major damages
9. Committing any act which, if done by an adult, would constitute a felony
10. Committing offenses resulting in short-term suspension four or more times in a single school year
11. Repeatedly committing minor behavioral infractions that, in aggregate, may reasonably be considered serious enough to justify suspension

The list is illustrative only and a school may issue a long-term suspension or expulsion for any other behavior that severely disrupts the learning environment. Punishment for a particular infraction is at the discretion of the school leader.

The school must provide a student with a formal hearing where:
A. Both sides are allowed to present evidence
B. Arbiter must be unbiased (not involved in the incident)
C. Proceedings must be recorded or transcribed
D. Student must be given access to any evidence to be used against him/her before the hearing (except names of student accusers)
E. School must open the hearing results to student and parent inspection
F. School must provide student with at least one level of appeal. For type 5 charter schools, this level of appeal must be with the RSD.

A suspension may not exceed five (5) school days per occurrence. Suspended students are prohibited from being on school grounds or attending school-sponsored or school-related extracurricular activities except by special permission.
A teacher has authorization to remove a student under various circumstances:

1. A teacher may remove a student from class when the behavior is documented by the teacher to repeatedly interfere with the teacher’s ability to communicate effectively with the students in the class or with the ability of the student’s classmates to learn. A teacher may also remove a student whose behavior is so unruly, disruptive, or abusive that it seriously interferes with the teacher’s ability to communicate effectively with the students in the class or the ability of the student’s classmates to learn.

2. A teacher shall remove a student from class and send him/her to the Dean when a student engages in conduct that threatens the safety and security of others.

**EMERGENCY REMOVALS**

Students may be removed from regular classes or premises for non-disciplinary health, welfare, and safety reasons when the Dean or administration determines that an emergency exists. Reasons constituting an emergency include, but are not limited to:

1. Being under the influence of alcohol or drugs
2. Being highly agitated
3. Suffering from any other condition that temporarily threatens the student’s welfare or another student’s welfare, or the efficient operation of the school
4. Any student removed from school for a reason shown above who is in a condition that threatens his/her own welfare or the welfare of others, shall be released to the parents, the parents’ representative, or other proper authority, including, but not limited to, law enforcement officers and/or medical personnel.

**NOTE:** The New Beginnings School Foundation shall make reasonable efforts to notify the parents prior to removing a child from school premises. If the parents cannot be notified prior to removal, they shall be notified as soon as possible of the reasons for removal.

If a student is suspended, the student’s absence shall be considered an unexcused absence and the student is responsible to complete the assignments for the period of the suspension. Make-up work from a suspended student may be accepted, but penalized. The number of days the student has to make up the work after returning to school is equal to the length of the suspension. Pending an appeal of an expulsion, a student will be allowed to remain current on all course work. However, if the appeal is denied, the student will not receive credit for that work.

**Notice to Parents and Conference**

Before suspending a student, the Dean shall conduct a conference in which the student shall be advised of the charges against him/her and shall be given a chance to explain his/her version of the incident. The student’s parents shall be notified by telephone or other appropriate means as soon as reasonably possible of a suspension.
EXPULSION

The RSD shall set a term for the expulsion based on the seriousness of the offense and other relevant factors. The expulsion may not extend beyond the end of the school year unless the conduct directly leading to the expulsion occurred during the final grading period of the school year, in which case the expulsion may extend beyond the end of the current school year but not beyond the end of the first semester of the next school year.

DUE PROCESS

Before a student is expelled, the principal shall provide the student an opportunity for a hearing at which the student is afforded due process, which shall include the following:

1. Prior notice of the charges and the proposed sanctions so as to afford a reasonable opportunity for preparation
2. Right to a full and fair hearing before the RSD Disciplinary Review Board
3. Right to an adult representative or legal counsel
4. Opportunity to testify and present evidence and witnesses in his/her defense
5. Opportunity to examine the evidence presented by the school administration and question the administration’s witnesses.

All expulsion hearings should be held within ten (10) days after a recommendation for expulsion is issued.

NOTICE AND REPRESENTATION

At a hearing for expulsion, the student may be represented by any adult of the student’s choice. The student and student’s representative shall be notified in writing of the date, time, and place of the expulsion hearing.

Students with Disabilities under IDEA and Section 504

A student with a disability shall not be expelled unless the network appraisal team first determines that the misbehavior is not a manifestation of the student’s disability. This applies to both special education students and students who exhibit characteristics of a disability and receive accommodations via an Individual Accommodation Plan (IAP). The manifestation determination should be made by those familiar with the child. A representative from the network student support services staff should be in attendance at the manifestation determination meeting.

Students with Disabilities

**COMPLAINT PROCEDURE**
The New Beginnings Schools Foundation believes in fostering a relationship between parents and teachers. Parents are encouraged to participate and provide input and support at the school site. Parents should plan to meet with their child's teacher during the school year to hear about the success of their children or resolve any problems or concerns that may arise. Parents may make appointments to meet with teachers by contacting the school's Secretary or Parent Liaison (if applicable) or by sending a written notice to the teacher. When parents have concerns regarding the school program and/or their child's success at school, they should make an appointment to meet with the appropriate school personnel on the school campus to discuss the concern. If the concern cannot be resolved with a conference, or another staff member, the parent should make an appointment to meet with the principal or assistant principal. In those rare instances when concerns cannot be resolved at the school campus, parents may call the New Beginnings Schools Foundation at (504) 280-2309.

The process for registering a complaint is as follows:
- Attempt to deal with the individual teacher or administrator who is the source of the parental complaint.
- If this is unsatisfactory, schedule a conference with the school leader.
- If this is unsatisfactory, schedule a conference with a network representative (504) 280-2309.
